2LEATHER

2LEATHER

The 2Leather Armchair is a swivel armchair, upholstered in the highest quality coach hide and built on a shell frame encased in rigid polyurethane foam. It's aerodynamic form and contrasting but subtle zipper trim marries elegant design with a modern twist and provides the elusion it is floating, generating a sense of serenity and calm.

2L01

2-ZIP

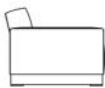

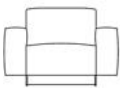

2-ZIP

The 2-Zip collection is a statement piece, its presence is manifest. With heightened proportions and strong ergonomic lines, the series is bold. Yet intricate details such as exposed zippers and detailed stitching reveal the delicacy of the design.

HYDRA

HYDRA

A true statement piece within the Matteograssi portfolio, the Hydra collection adds fun to any setting. The simple yet carefully balanced design is eye catching and hints at a nautical theme, the undulating curve divider on the bench system mimics the rise and fall of the waves and the side and top down perspectives whisper at the outline of a boat.

2,500 mm.	850 mm.	360 mm.	360 mm.

KO

KO

The Ko collection is a striking balance between a rigid box exterior and the smooth opulence of a soft leather interior. It offers the opportunity to create dramatic contrasts with different coloured exterior and interior leather work or a sleek uniform finish.

E DIVANETTI

ARETÈ

ARETÈ

The Aretè signature collection of products within the Matteograssi's exclusive and iconic product range, brilliantly couples contrasting strong, linear design with a symmetrical, rhythmical fishing net motif.

It offers the rare opportunity to turn a two-dimensional feature of the leather surface into a three-dimension shape without the need for any seams. Both rugged and delicate simultaneously, the Coach Hide Mesh presents an interesting perspective.

WAVE

The Wave collection is a design of contrasts. It mimics the sea with undulating waves and subtle shadows following across the surface while being contained in an angular box traversed with regular, linear stripes.

The waves serve as handles giving a softness and sinuousness to the surface of each cabinet against a backdrop of rigid MDF boxes and frame, covered in beautiful Matteograssi coach hide.

GLIDE

GLIDE

Designed by the renowned designer Daniel Libeskind, the Glide bench seating range is a wonderful addition to Matteograssi's Beam Seating range.

Its lean design creates an iconic and timeless air and showcases Matteograssi's exquisite coach hide and soft leather products and high quality craftsmanship at their best.

Available with integrated electrical sockets and USB recharge points, the Glide series fully meets the needs of the on-the-move passenger.

SCALO

SCALO

As per Matteograssi 's heritage, the Coach Hide Leather is worked artfully to provide a seamless construction, while providing an extremely durable and long lasting product.

While also available in PU, the Coach Hide Leather is where this product truly shines, as the leather can be maintained like new over decades.

An innovative option allows to include both materials in the beam, coach hide and PU, thus combining the durability of the leather and the soft comfort of PU in the seat backing.

The Beam Seat Arm Rests become a technological hub, thanks to the electrical sockets and USB recharge points allowing Passengers to charge laptop and portable devices in any position. The furniture recalls the architecture of the buildings designed by the French designer, perfectly matching with the space requirements of an airport.
