SCALO

Design by Jean Nouvel

A REVOLUTIONARY NEW BEAM SEATING SOLUTION WITH
A MINIMAL, LINEAR AND WELL-DEFINED STRUCTURE.

1 8 8 0

matteograssi

The Art of Leather, Made In Italy - Since 1880

A total concept seating solution,
designed to provide comfort and
flexibility for today's increasingly
complex airport and passenger
needs.

SCALO

+ JeanNouvel**Design**

Many airports in the world have chosen SCALO in order to offer the most comfortable experience to travellers.

Coach Hide Leather

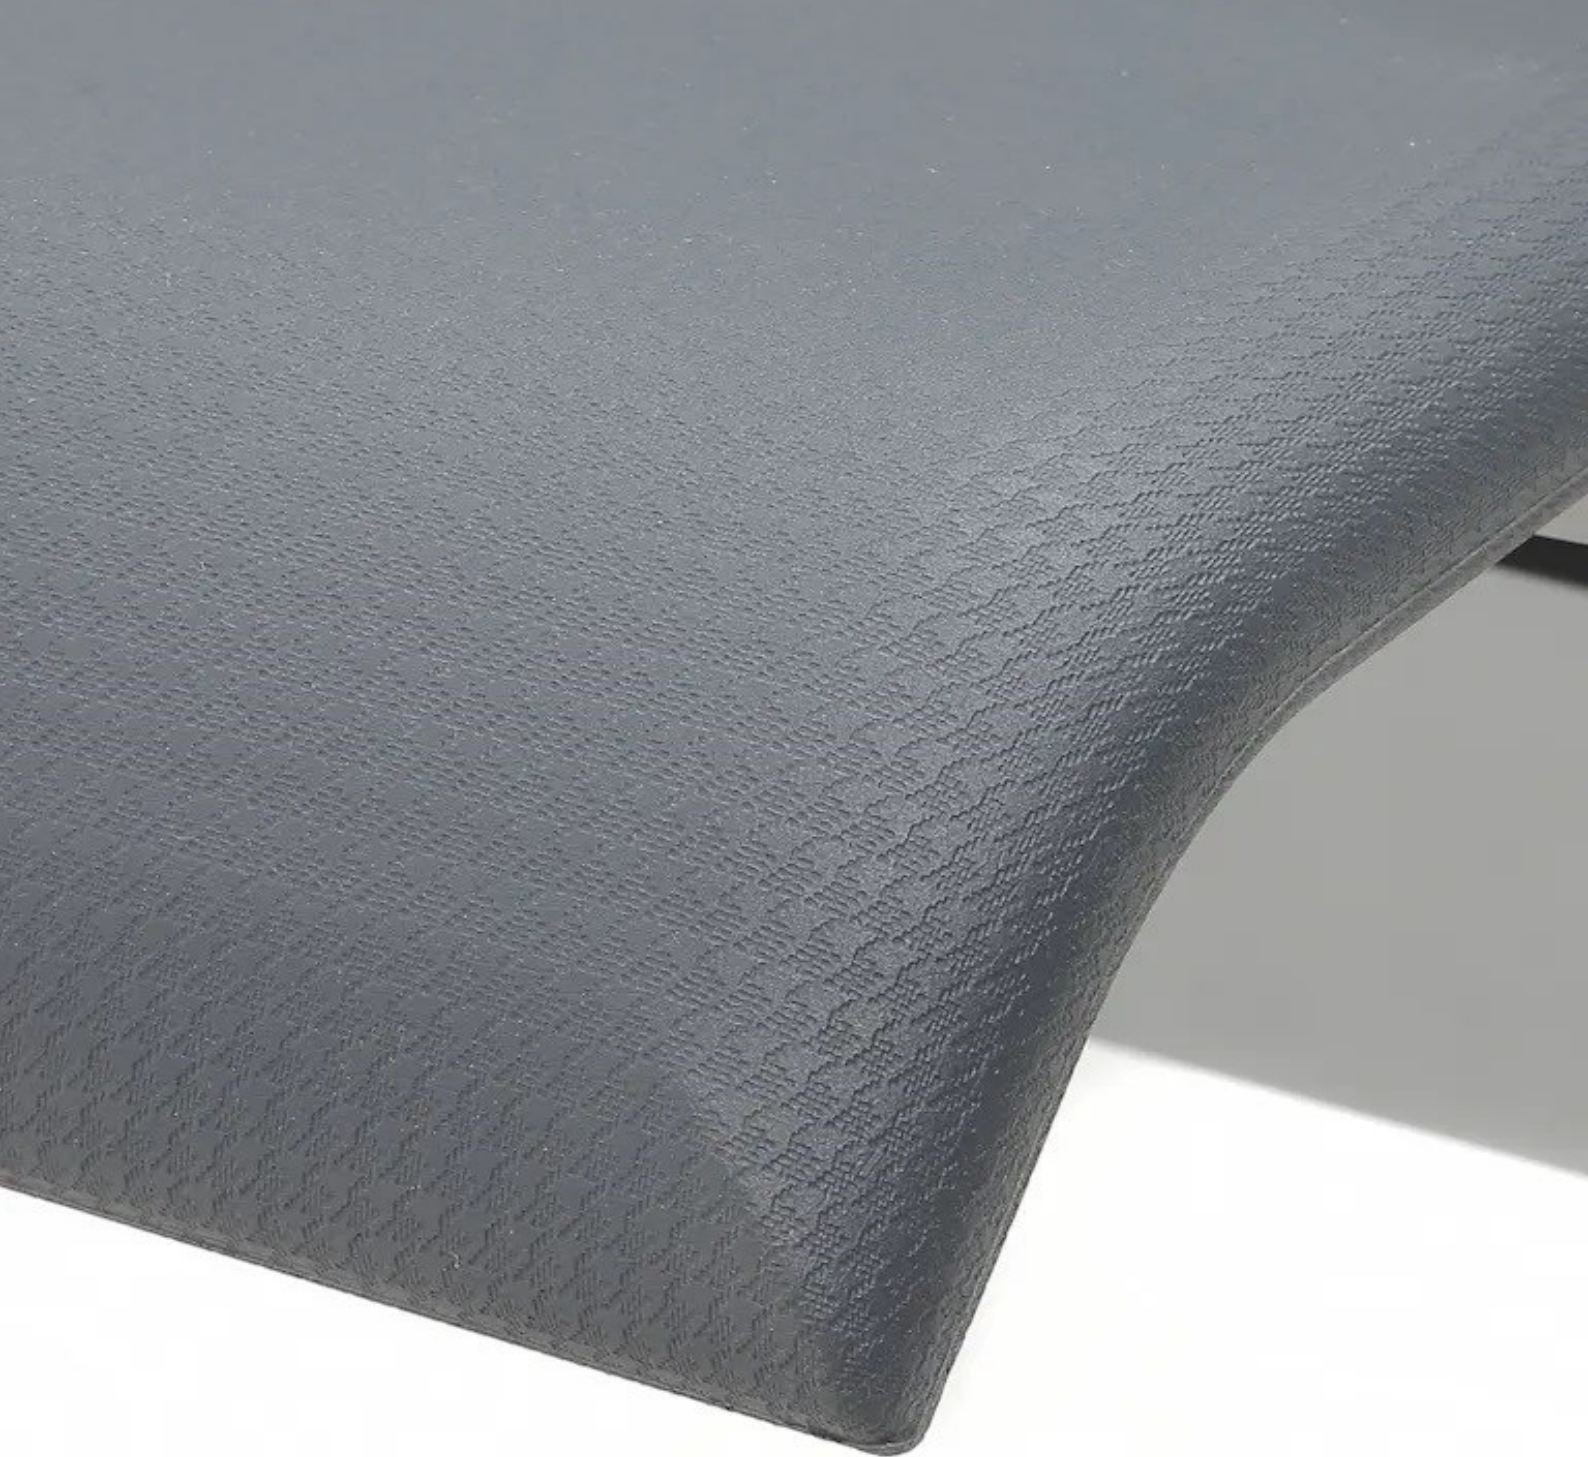

Durability, Longevity, Quality and Comfort .

matteograssi

A touch of elegance and refinement for
high traffic public spaces.

Polyurethane

Durability, Versatility, Quality and Comfort .

The beam can support 2, 3, 4, 5, or more places in multiple configurations.

Back to Back

The SCALO can be provided with Back to Back supports.

Recliners

Recliner seats are available with and without tables, configurations can be provided to suit customer requirements.

A simple, effective and future proofed solution to power provides simplicity and access for all your power needs.

Modular Electrical socket and USB technology located in the armrest for easy access.

Modules are easily swapped or replaced to provide different connection types including USB-A, USB-C, European , British and US Socket Types.

Sustainability by design

Matteograssi believes in providing sustainable and long lasting Products by design.

Our Beam Seating is designed using Aluminium to facilitate recycling and our Seat Shells are stackable for easy Transport and cost efficiency .

The SCALO's structural components are easily broken down into smaller components to facilitate transportation, assembly on location and maintenance activities.
